AERIAL HOOPS WORKSHOPS ARE HERE

Aerial hoop (also known as lyra) is an apparatus-based circus art that brings acrobatic training into the air! Most times, hoop skills are performed spinning to allow your audience a perfect 360degree view. Skills can be performed below, in, or above the hoop. During this workshop you will learn a variety of poses, practice a short combo, and learn to spin!

Ms. Amanda at Activiate has a passion for athleticism and artistry, and aerial hoop is the perfect combo of both. The feeling of being up in the air moving through skills is like no other!

NEXT WORKSHOP - Wednesday, August 28, 2024 at our Hamilton location. We will add more workshops throughout the day as classes fill! Register online in the Parent Portal by selecting the August Elite Intensives 2024 season.
